NEWSLETTER

2011

Dear Fellows, Patrons and Governors

As I sit and write this note it is a typical March day with clouds and light drizzle, we hope to have seen the last of the overnight frosts and look forward to Spring and to seeing all the lovely spring bulbs start to bloom.

It was a very busy 2010, with a number of books being published and a very successful World Forum at St John's College, Cambridge. This year it will be taking place in San Francisco, further details are given inside.

Of course, we have all the regulars, new Annual and Life Fellows. I would particularly like to draw your attention to the back page, two new books published by Melrose Books which I hope will be of interest to a number of you, copies can be ordered through their website, any major bookseller and of course Amazon. Also, if you are looking for a publisher for your book, then we can highly recommend Melrose Books. Details about how to submit your manuscript are also listed on the back page.

If you have any ideas for future IBA Newsletters please contact me at info@ibassociation.com

With best wishes for the year ahead.
